FROM OUR MANAGING DIRECTOR'S & DIRECTOR'S DESK :

Golakh Parida, FCA, MBA

As we mark the 16th anniversary of our gold jewellery hallmarking and aqua refinery setup, I would like to express my gratitude and appreciation for the remarkable journey we have undertaken together. Since our establishment in 2007, we have strived to set new standards of quality, reliability, and sustainability in the industry. Over these years, our commitment to excellence has enabled us to establish 52 Hallmarking and Testing Centres across the country. This extensive network showcases our dedication to provide convenient and accessible services to our customers while adhering to the highest industry standards. Our hallmarking centres have been instrumental in ensuring the purity and authenticity of gold jewellery offering for customers peace of mind and trust in their purchases. This accomplishment has strengthened our reputation as a trusted and reliable hallmarking leadership in the industry. In addition to our hallmarking

services, our aqua refinery setup has played a vital role in promoting eco-friendly practices and sustainability. By implementing innovative techniques and technologies, we have achieved significant milestones in responsible gold refining, minimizing the environmental impact associated with the process. I want to extend my heartfelt appreciation to each member of our team for their unwavering dedication, professionalism, and expertise. Your commitment to uphold the highest standards of quality and integrity has been the driving force behind our success. As we move forward, let us continue to embrace innovation, adapt to industry changes, and provide exceptional services to our valued customers. Together, we will continue to shape the gold jewellery hallmarking and refining sector, setting new benchmarks and reaching greater heights.

Because shiners gold is always sold.

In a short time span of 16 years, we have made a remarkable success in the market hence creating our own habitat. Currently, we are operating a wide network of Assaying and Hallmarking centres, Computerised X-ray Gold Testing and Aqua-Refining which sets us apart from our competitors. Our network of centres gives us a cutting edge advantage to become the largest hallmarking centre brand in India. We make sure that gold is circulated in the market meets the quality standards perfectly, when tested in our centres. What we kick-started in 2007 as a BIS Recognized Assaying and Hallmarking Centre under the brand name of “Prince Hallmarking” and “Nakoda Hallmarking”, as two different brands, has today grown up prominently under the name of **Prince Hallmarking & Refinery Pvt Ltd. (PHRPL)**, with 41 BIS recognized Assaying and Hallmarking centres and with 11 computer X-Ray Gold Testing Centres. These testing centres are operated under the brand name of “A-1 Tounch” and “Nakoda Tounch” . These entire network is spread across 52 Branches in 25 Major Cities & Jewellery hubs in India (Mumbai - 02 Branches :

1. HALLMARKING OF GOLD / SILVER JEWELLERY & ARTEFACTS

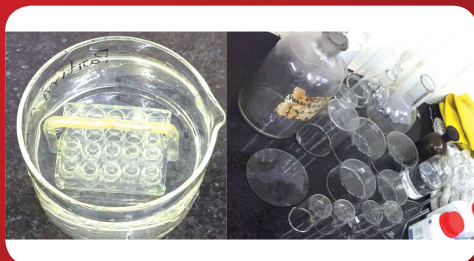

Our team is well-trained in Assaying and Hallmarking of Gold and Silver.

We use the latest equipment to eliminate the chances of error. We follow a robust and full-proof process of hallmarking. Our process is as per IS-15820:2009 and BIS approved SOP begins like:

- Receipt of jewellery by checking integrity, count and weight
- 100% XRF testing through state-of-the-art machine at multiple points
- Sampling to create a homogeneous representative Assay sample following BIS guidelines
- Fire Assay as per IS-1418 guidelines
- Laser marking through most modern machine
- Quality Assurance.

THE DETAILED QUALITY PROCEDURE IS:

- All the ornaments received are analyzed on our fluorescence X-ray machine to verify its homogeneity.
- The passed batch is then accepted for sampling and Fire assaying to check the carat.
- Finally, the approved batch from the carat is accepted for hallmarking / HUID marking.
- This process ensures zero damage to the jewellery. Hallmarking is done by using the state-of-the-art laser machines with rotary axis capable of marking any delicate jewellery.
- Our assaying services comprises of different methods; from the fastest X-ray spectrometry analysis to the most authentic Fire assay method. Our assay lab is operating as per BIS standards.

OUR PRIME SERVICES:

2. OLD GOLD AQUA REFINERY AND EXCHANGE

We are leaders in the space of old gold aqua refining in India. We are equipped with the latest technology to process impure gold into pure of 99.90% and 99.50% as per the requirements of our esteemed customers. Our units work on the aqua regia refining process for gold. Our refining units are fully automated coining and bar producing machine which are capable of producing several units per hour. We also provide diamond jewellery refining solution through a smart and cost-effective diamond refinery process with zero diamond damage and gold loss with latest technology with easy and hassle – free gold refinery process.

We also provide our clients instant exchange of pure gold ingots, bars and biscuits of our brand – “Aurum”. Currently, this facility is running in 14 of our refining centres. We ensure a purity of 99.90 % and 99.50 % bars equivalent in exchange of impure old gold. Our exchange facility is placed only with a prime focus of doing well for the artisan fraternity.

3. COMPUTERISED X-RAY GOLD TESTING

We also provide gold testing centres which are equipped with the latest SDD technology equipment from Germany, which provide results of gold security in 60 seconds. Our XRF testing centres are mostly placed in the goldsmith locality to meet day to day requirement of goldsmith fraternity for testing gold purity. Along with our hallmarking services, we are also generating 10,000+pcs of XRF reports per day.
